

## COMUNICATO STAMPA

### **Safe Bag signs an agreement with the “Antônio Carlos Jobim” international airport in Rio de Janeiro Galeão**

*Milan – 19 September 2017* - Safe Bag S.p.A., one of the leading companies worldwide in the protection and tracing of luggage for airport passengers, would like to announce that it has signed a temporary contract to supply its integrated range of services for travellers at Rio de Janeiro International Airport (Galeão – “Antônio Carlos Jobim”).

Under the contract, the activities are scheduled to begin by the end of September 2017 and will be performed on a temporary basis until the new tender to be held in 2018.

The Rio de Janeiro airport is the most important one in Brazil, with approximately 16 million passengers (overall) passing through it in 2016, a total that is on the up in 2017.

“The contract with the international airport of Rio is an invitation for us to make the services offered by Safe Bag known in Brazil – declares **Alessandro Notari, CEO of Safe Bag** – a country where travellers are extremely careful about protecting their luggage. We are very proud – continues **Notari** – of the work performed over the last few months by our Business Development division”.

“Signing the contract with the airport of Rio - comments **Rudolph Gentile, Chairman of Safe Bag** – is confirmation of the prudential characteristics of the 2017-20 Safe Bag Industrial Plan approved at the beginning of last June, which had envisaged the company acquiring only two additional licences in the two-year period between 2017 and 2018, an objective that has already been met (Ottawa and Rome). The challenge – continues **Gentile** – on which our team is focusing is to exceed the estimates provided to the market as, moreover, we already did in 2016”.

**Safe Bag**, founded in 1997 by Rudolph Gentile and guided by him together with the CEO Alessandro Notari, is the leader in the luggage protection and tracing service for airport passengers, through an integrated portfolio of solutions for passenger safety and comfort: luggage wrapping; traceability, reimbursement in the event of loss or damage to luggage, travel products and accessories.

The company has been listed on the Italian Stock Exchange Borsa Italiana –AIM segment – since September 2013.

Safe Bag, with headquarters in Gallarate (VA), has around 400 collaborators at global level, with around 2 million customers, and is present in the airports of Italy, France, Portugal, Switzerland, USA, Canada and Poland with around 80 points of sale.

The Group closed 2016 with a turnover of around 26.5 million euro. [www.safe-bag.com/it/](http://www.safe-bag.com/it/)
