TraWell Co wins the contract for the supply of baggage protection services at the Zagreb airport.

Milan, January 24, 2023 – TraWell Co S.p.A. (Borsa Italiana, Ticker: TWL), leading global provider of protection services, baggage storage, products, and ancillary services (including the Lost Luggage Concierge service provided by [Sostravel.com](https://www.sostravel.com)) announces that it has been awarded, through the subsidiary Care4Bag, the concession for the supply of its integrated luggage protection services at the Zagreb international airport for 6+1 years, starting from Q1 2023.

The subsidiary Care4Bag, already operating at Athens International Airport, and engaged in regional expansion in South-Eastern Europe, scored an important win in Zagreb, the largest airport in Croatia, with over 2.85 million passengers. Recently renovated, the airport offers 65,000 square meters of technical and commercial space with a very high standard of design and quality. It serves the capital and acts as a hub for the country's tourist destinations thanks to the services of 32 international airlines.

"With Croatia's recent entry into the single European currency, it becomes a natural target for our group's expansion and leadership in the luggage protection services sector," says Rudolph Gentile, Chairman of the TraWell Co group. "Together with the new concessions of Milan Malpensa, Linate, and Prague, this new concession improves the group's financial results." The group aims to communicate to investors a robust update of the business plan by the end of the first quarter of this year.
